In the specification:

Please amend the specification under the provisions of revised 37 C.F.R. §1.121 as follows.

On page 1, after the paragraph on lines 5-8 which begins "This application is a continuation-in-part . . ." and before the paragraph on lines 10-17 which begins "Throughout this application, various references . . .", please insert the following paragraph:

--The invention described herein was made with government support under NIH Grants DA12462, DK21344 and DK41822. Accordingly, the United States government has certain rights in this invention.--
